- The level and nature of the pupils’ prior attainments influence the selection and use of teaching methods and subject content; the pupils’ strengths are consolidated and their weaknesses addressed;

FORMAL ASSESSMENTS

Twice a year, the school hold Assessment Week using summative test papers. The timetable for these assessments is published at the start of the academic year and tie in with the long-term planning. These tests give a good indication of whether pupils are working towards, meeting or exceeding year group expectations for this time of the year.

This Test Week is followed by a Pupil Progress Meetings whereby the class teacher, the Senior Management Team and intervention meet to analyse the results and to plan appropriate targets and support. Assessment information is used to plan teaching and learning strategies, including the identification of pupils who are working below their target stage, falling behind in their learning or who need additional support, enabling pupils to make good progress and achieve well. When tracking assessment information the Assessment team will carefully track the progress of different groups within the school. They also compare the progress rate of different groups. This information is then used to help plan to raise standards in any group identified as not make adequate progress.

- Assessment papers are standardised by subject leads/ assessment team to ensure they are marked correctly and in line nationally in quality.
- Threshold document is used to ensure results are capped and consistent throughout the school
- Fixed review lessons take place throughout the school 2/3 weeks following assessments. Pupils have an opportunity to input results and targets on the flight plan in the inside cover of exercise books and discuss future targets.

Following this parent's review morning will take place where results and pupils progress is shared with parents.

HOMEWORK

Homework is an integral part of effective assessment and it is very important learning experience for all pupils. Good practice is promoted through Homework which is set regularly across all departments according to the needs of the pupils and within the context of agreed whole school and departmental policies and timetables. The regular setting and marking of homework encourages:

Positive marking and feedback which recognises pupil achievement, highlights both strengths and weaknesses and provides clear guidance for improvement are to be encouraged. Effective marking helps to:

RECORDING AND REPORTING

RECORDING and REPORTING ensures regular and relevant communication and progress to pupils, teachers, parents and other appropriate external audiences. It is linked to both formative and summative methods of assessment and the recording of individual pupil assessment outcomes, measured against agreed and shared assessment criteria, is the responsibility of each teacher, within the context of agreed departmental and whole school assessments policies.

Recording Consistent record keeping by all teachers allows the effective monitoring of pupil progress and the regular evaluation of teaching content/styles/methods:
